

Digital Asset Preparation Package

Provider-neutral readiness and external review artifact

Prepared from one immutable readiness snapshot and one saved preparation revision. This document is intended to support review by qualified external providers and professionals.

Package identity and status

Package	Status	Revision	Revision date
b0ee2732-7f69-447b-9860-28b2df0d5236	Ready For Provider Review	11	Aug 28, 2026

Property / room: freddie-mac-multifamily-hazard-loss-review-texas--fec39263

Source immutable snapshot

Version	Eligibility	Recorded date	Verified fields
9	Eligible	Aug 27, 2026	21 of 21 canonical fields confirmed

All verified facts and review references in this artifact are frozen to this snapshot. Later changes to the live Transaction Record do not alter this package.

Readiness at a glance

Readiness	Eligible	Verified fields	Provenance	Open items
Ready For External Review	Yes	21 of 21 canonical fields confirmed	Intact	0

Verified transaction and asset summary

Field	Frozen value	Verified state
Transaction value	\$325,000	Confirmed
Units Damaged	18	Confirmed
Funding request	Reimbursement and/or additional repair proceeds	Confirmed
Incident Date	2026-07-10	Confirmed
Contractor Proposal Amount	\$280,000	Confirmed
Additional Work Invoice	28000	Confirmed
Transaction type	Hazard-Loss Insurance Proceeds Review	Confirmed
Repairs Completed	280000	Confirmed
Transaction structure	Insurance proceeds disbursement and repair review	Confirmed
Insurance claim status	Acknowledged	Confirmed
Insurance Proceeds	\$325,000	Confirmed
Loss type	Hazard loss	Confirmed
Repair Costs	\$229,950	Confirmed
Repair Completion Percentage	100%	Confirmed
Insurance proceeds control	\$49,817	Confirmed
Investor / agency	Freddie Mac	Confirmed
Property type	Multifamily	Confirmed
Loss event	Fire	Confirmed
Borrower funds advanced	\$80,000	Confirmed
Expected Completion Date	2026-10-15	Confirmed
Fund Release Request	5500	Confirmed

Digital Asset Preparation fields

These values are owner-provided preparation inputs or values inherited from the verified transaction record. They are presented for qualified external review and do not represent an issuance or settlement decision.

Preparation field	Prepared value	Source / origin	Status
Issuer	Property-owning borrower / SPE — proposed issuer subject to provider review	Owner-provided preparation input	Recorded
Jurisdiction	United States	Owner-provided preparation input	Recorded
Legal Entity	Property-owning borrower / SPE	Owner-provided preparation input	Recorded
Underlying Asset	Multifamily real estate and associated economic interests	Owner-provided preparation input	Recorded
Settlement Method	Provider Review	Owner-provided preparation input	Recorded
Ownership Evidence	Property deed/title record and applicable organizational records — subject to provider verification	Owner-provided preparation input	Recorded
Governing Documents	Borrower organizational documents, property ownership records, applicable loan documents, and transaction documents	Owner-provided preparation input	Recorded
Investor Restrictions	Other — To be determined by qualified legal counsel and selected tokenization provider; no investor eligibility determination made by Kontra	Owner-provided preparation input	Recorded
Security Offering Structure	Provider Neutral Participation	Owner-provided preparation input	Recorded

Verification and readiness

Readiness status	Eligible	Canonical fields	Provenance	Approvals
Ready For External Review	Yes	21 of 21 canonical fields confirmed	Intact	Satisfied

Snapshot eligibility: Eligible

Preparation status: Ready For Provider Review

Blocking item count: 0

All blockers resolved: Yes

Evidence entries: 21

Required approvals satisfied — 24 approval events recorded.

No unresolved blockers, conflicts, approval gaps, or provenance gaps were recorded.

Exception and resolution register

Field	Status	Resolution / detail	Resolved by	Resolved date
Repair Costs	Resolved	Coordinator resolved the material source discrepancy.	Gamilsaad92@Gmail.Com	Aug 21, 2026
Repair Costs	Resolved	Coordinator resolved the material source discrepancy.	Gamilsaad92@Gmail.Com	Aug 21, 2026
Repair Costs	Resolved	Coordinator resolved the material source discrepancy.	Gamilsaad92@Gmail.Com	Aug 24, 2026

The complete approval history, confirmation history, evidence records, and immutable audit trail remain preserved in the underlying Kontra package and are not reproduced in full in this external artifact.

Evidence & Provenance Appendix

The following single table presents the frozen provenance projection in a human-readable format. Source document and page are combined in the Source column only when they exist.

Field	Frozen value	Source	Evidence reference	Verified date
Transaction value	\$325,000	Manual confirmation history	1d96a5e2-bdbf-4865-bda6-12ead4dfdedd	Aug 26, 2026
